SCOUTMASTERS FORM PATROL OF THEIR OWN

"Plattsburg Scout Camp" Organized at Kailua By James A. Wilder

For the first time in the history of scouting in Hawaii, the scoutmasters have been formed into a patrol of their own, similar to those whose membership is made up of boys. This new patrol has been named Troop 1001, Honolulu, and the first meeting will be at Kailua, this island, next Friday afternoon.

Scout Commissioner James A. Wilder, the organizer, has sent out one of his unique notices in which he styles the Kailua meeting place as "The Plattsburg Scout Camp." The notice, a copy of which has been sent to each scoutmaster, reads as follows: "Scoutmasters: Boy Scouts of America. The Plattsburg Scout Camp, Kailua. Requirements: Two khaki shirts, two khaki riding breeches, two changes of underwear, Scout hat, belt, knife, ax, neckerchief, two pocket handkerchiefs and toilet set; sneakers, leggings, staff and two yards lashing; blanket and ground-cloth (silk or poncho) and individual outfit up to five pounds extra weight.

"Troop 1001, Honolulu: Scoutmaster, J. A. Wilder, S. F. C. No. 61; 1st assistant S. M. H. S. Hayward, H. V. (S. C. H.); 2d assistant S. M. G. C. Potter, H. I.; senior leader, R. Anderson, T. L.; junior leader (quartermaster), L. E. Haehnlen, H. IX.

"Staff: Senior leader, R. Anderson, Bulls, P. L. Junior leader, Haehnlen, Bears, P. L. Scribe, Lambert, scribe executive.

"Motor kit-cart (truck) will start from field headquarters (old Hawaiian Trust Co.) at 3 p. m. Friday, April 7, 1916.

More than 200 men of the Wailuku National Guard battalion took part in the regular drill held last Sunday morning, according to the Maui Weekly Times of that place.

"The usual drilling of the four Wailuku companies took place on Sunday morning," says the Times, "and was quite well attended, more than 200 men forming the battalion. Instructing Sgt. Wetzel was absent, drilling the Lahaina company.

"Target practice was indulged in during the afternoon by a few of the officers. Capt. Frank Lufkin of Company C made 48 on the 200 yards range, the best score made so far by any Maui officer. Geo. Weight scored 43, S. Short 41, and Robert von Tempisky 41."

VOLCANO GRAND, SAY TOURISTS; NORTON'S GUIDANCE IS PRAISED

Tourists returning to the Inter-Island steamer Mauna Kea from Hilo today, after taking the personally-conducted excursion to Kilauea Volcano which the Promotion Committee and Hawaii Publicity Commission is featuring, said they had enjoyed every minute of the trip and that the volcano is a more wonderful sight than in many months.

They had many good words to say for L. W. de Vis-Norton, Honolulu representative of the Hawaii Publicity Commission, who is the personal conductor on the excursion, and accompanied the tourists. Those who took the trip this time, leaving last Saturday afternoon and returning this morning, numbered 24 persons.

TO HELP WOMEN

After terrible sufferings, numberless women have used Lydia E. Pinkham's Vegetable Compound and recovered from ailments peculiar to their sex. Many of these, who cannot bear that other women should suffer as they did without knowing what to do, have written letters telling their experience to be published to the world. These honest, helpful stories are constantly appearing in the newspapers. Read them, ailing women, they are written with no motive but your good.—Adv.

JOINED ARMY BY AUTO.

So anxious was he to join his regiment before it left El Paso for Columbus, New Mexico, 1st Lieut. Allan M. Graham, 11th Cavalry, drove his automobile all the way from Denver, a distance of 800 miles. Graham is well known at Schofield Barracks. He had been doing recruiting work at Fort Logan, Denver, and was there when he learned his regiment would leave for the border.

Manila cigars are going to be better. The Philippine legislature has passed an act regulating the exportation of tobacco from the islands and appointed an inspector, A. B. Powell, to examine the tobacco landed at San Francisco. Powell is a passenger on the transport Thomas. He is to see that no tobacco enters the United States that is uncured or incompletely cured, or that is not in accord with specifications of the bureau of agriculture.
